

F-6 full range speaker

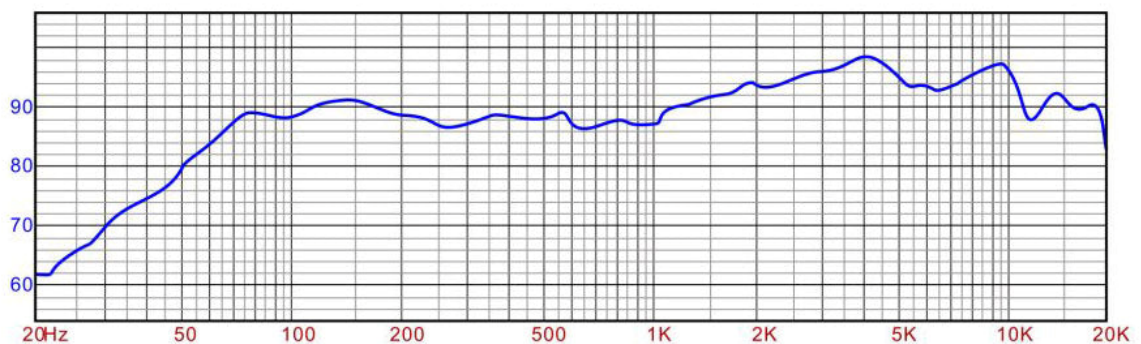

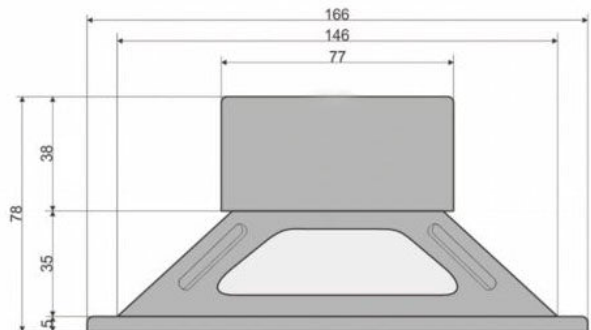

- Exclusive cone made of special straw, with unique look and good audio performance
- Can connect directly to amplifier without crossover or filter, no signal loss or phase distortion
- High sensitivity, can be easily driven by low-power amplifier or 2W tube amplifier
- Can be used in multiple purposes
- Full range speaker with stable frequency transition and clear sound performance

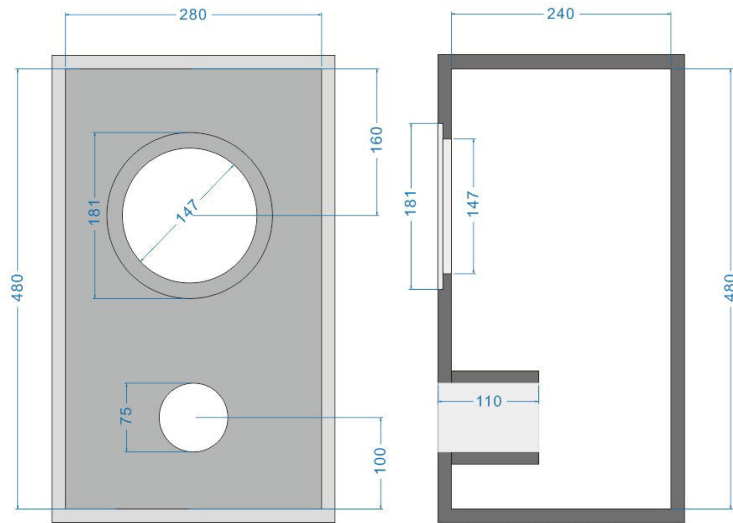

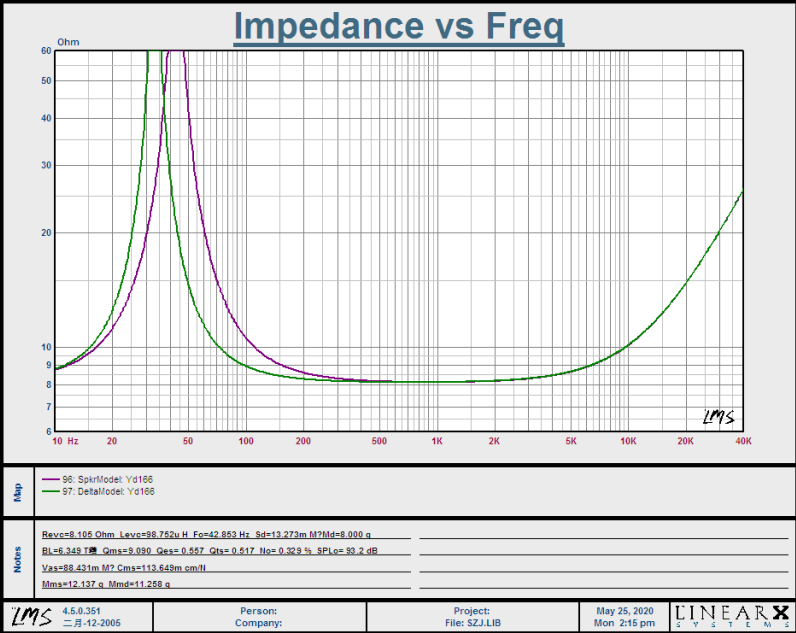

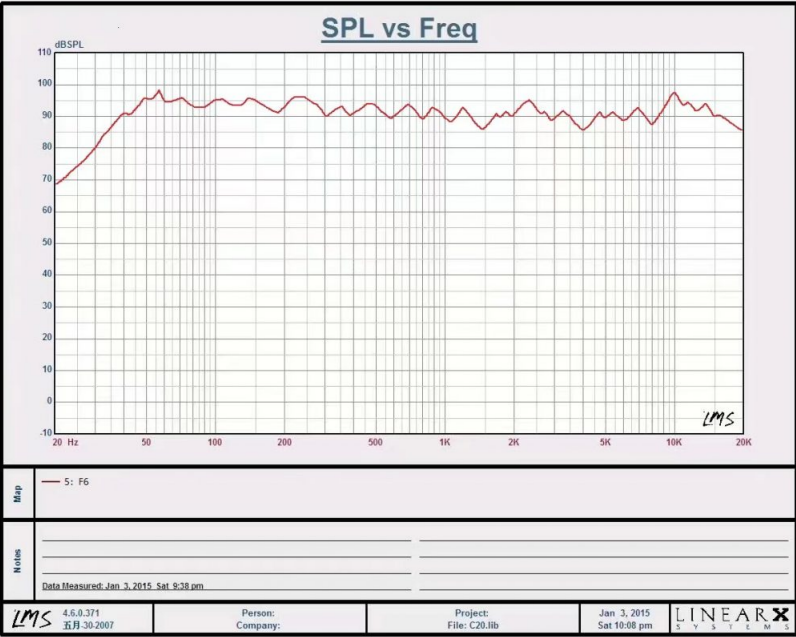

Thiele/Small parameters:

Q_{es} ——0.557
 Q_{ms} ——9.090
 Q_{ts} ——0.517
 V_{as} ——88.431 litre
 Weight (a pair): 1.8KG

Technical Data:
 Rated power-----40W
 Maximum power-----80 W
 Nominal impedance Z-----8 Ohm
 Frequency response-----fu-17000 Hz
 Mean sound pressure level-----93dB(2,83V/1m)
 Resonance frequency f_s -----43 Hz
 Magnetic induction-----1.0 T
 Total Q factor Q_{ts} -----0.65
 Equivalent volume V_{as} -----50L
